**Moisture levels between 0 and 15% - No cause for concern**  
**Moisture levels between 15 and 20% - May require further investigation. Compare with average readings and consider a recheck of the area in three months**  
**Moisture levels between 20 and 25% - Will identify areas possibly needing remedial work. There may be signs of water ingress or evidence of moisture. Compare with average readings and consider a recheck of the area in three months**  
**Moisture levels between 25 and 30% - Indicates that moisture ingress is occurring and remedial action is necessary**  
**Moisture levels more than 30% - Indicates that structural damage is probable and deterioration inevitable. Remedial action is necessary**

**Comments and Recommendations**  
 Completed to best practice  
 I have thoroughly investigated and tested all accessible areas of the vehicle for damp. No damp was found.  
 (Aluminium lined)

**Please Note**  
 We would emphasise that the above report accurately reflects the condition of your Motorhome at the date stated. These readings are subject to atmospheric conditions and the company cannot accept any liability for water ingress which may become apparent at a future date.  
 Completed in line with the NCC damp testing criteria and carried out in accordance with the latest AWS Motorhome Standard Working Procedures and manufacturers guidance in relation to areas required to test.

## CMS MOTORHOME INSPECTION FORM

In receiving this form you are automatically agreeing with this acknowledgment. Whilst it would be nice to have a full AA style report and professional habitation check, it is not realistic and we are not trained to do so, so take all descriptions & reports as the assessors opinion only. All of our listed checks were opinion of the assessor before the date of the auction, conditions of the motorhome or caravan are expected to change in that time. Take into consideration fair wear and tear for the age of the motorhome. We do not test heating, gas, electric, water systems or accessories. All motorhomes are driven to the auction unless stated. MOT history & mileage checks are public record for the buyer to do their basic due diligence with. This is a trade auction only and must be treated as such. Bidding is bound by British Car Auction terms and conditions. Please visit <https://www.bca.co.uk> for auction terms and conditions. Bid at your own risk.
